

Business Acumen

Category Description

OSPE offers our corporate partners training opportunities for employees to help them understand how their decisions impact the bottom line. Our courses offer a comprehensive look at the interrelationships of the business, as well as learning about cash flow and what drives profitability.

Courses

Here are just a few examples of the many courses available under this stream:

- Finance for Engineers (FDM)
- Negotiation Skills
- The Art of Collaboration
- Team Excellence
- Time Management for the Professional

Features

This corporate learning stream offers live instructor-led courses with access to online course material. Courses are designed using case-studies and some offer cross-functional team exercises. Please inquire for a virtual or in-person offering of the courses.

Sample Learning Outcomes

- Learn to read annual reports and related financial documentation to assess the financial health of a company
- Learn and understand the importance of proper asset management
- Develop an effective plan and strategy for most negotiations
- Improve productivity in the workplace
