

# Leadership & Management

## Category Description

Business and human capital trends reveal that Canadian CEOs and senior leaders now consider leadership capability the most important and most pressing challenge they currently face. OSPE's Leadership & Management courses address this and explore all facets of today's workplace environment from a leadership perspective.

## Courses

Here are just a few examples of the many courses available under this stream:

- Coaching with Excellence
- Accountability and Empowerment
- Building Organization Trust
- Leading a Diverse Team
- Managing Remote and Virtual Teams

## Features

This corporate learning stream offers live instructor-led courses with access to online course material. Courses are designed using case-studies and some offer cross-functional team exercises. Please inquire for a virtual or in-person offering of the courses.

## Sample Learning Outcomes

- Identify leadership traits that result in trusting employees and organizations
- Learn to assess the benefits and challenges of remote supervision
- Clearly define the responsibility, accountability, and authority of all leadership roles
- Understand the importance of prioritizing strategic goals that empower employees
