

GO BEYOND

Please review **IMPORTANT NOTES** and **VIDEO INTRODUCTION QUESTIONS** below where you will also find a registration link.

About us:

At Pratt & Whitney, we believe that powered flight has transformed – and will continue to transform – the world. It's an engine for human progress and an instrument to rise above.

That's why we work with an explorer's heart and a perfectionist's grit to design, build, and service the world's most advanced and unrelenting aircraft engines. We do this across a diverse portfolio – including Commercial Engines, Military Engines, Business Aviation, General Aviation, Regional Aviation, and Helicopter Aviation – and as a way of turning possibilities into realities for our customers.

This is our mission, and a challenge to which we rise every day. It's about more than transporting people reliably to their destinations. It's about more than providing the care and intelligence to service aircraft engines expertly. It's about innovating and engineering a new and exciting future for aviation – one in which the full potential of human progress can be unleashed.

This is how we at Pratt & Whitney approach our work, and therefore we are inspired to go beyond.

Explore Opportunities:

Our company recruits Engineering Specialists, P.Engs., EITs and new graduates.

When exploring opportunities with us for this event you have two options:

We invite you to tell us about yourself as you record an introduction video with respect to the specialities listed below:

Concepteur de logiciels en ligne / Web-Based Designer, Analyste senior, ingénierie électrique et électronique/ Sr. Analyst, Electrical & Electronic Engineering, Ingénieur de conception externe / External Design Engineer, Concepteur de logiciel des systèmes de contrôle / Control Systems Software Designer, Numerical Methods Analysts, Spécialiste, ingénierie structurelle / Specialist, Structural Engineering, Software Engineer

OR

We invite you to explore our job postings online and reference the job title you are interested in as you record your introduction video.

Why join us?

- Long-term deferred compensation programs
- Advancement programs to enhance education skills
- Flexible work schedules
- Leadership and training programs
- Comprehensive benefits, savings and pension plans
- Financial support for parental leave
- Reward programs for outstanding work

We've created an environment where every employee is valued. We nurture a culture of flexibility, respect, inclusion, empowerment, and goodwill.

We embrace people development as a core competency and a culture where our leaders encourage and empower people to achieve their full potential. We are passionate about advancing our careers, living life to the fullest, and working as a team to transform the future of aerospace.

Our employees embrace the opportunity to contribute to their communities and we support their generosity through matching gift and team volunteering programs.

Our People: Positive Influence

We have developed an education program for all employees explaining what sustainability is and how it relates to our business. Our empowered network of sustainability-focused employees (Sustainability Focals) are helping us to integrate sustainable practices into the way we work across the organization.

Going beyond our four walls, working with customers, suppliers, communities, and NGOs is a key part of building sustainability into our business. We actively pursue collaboration to drive sustainability through our supplier assessments and incentive programs.

IMPORTANT NOTES:

Once you have registered you will receive an email from OSPE with links to the employer portals to record your introduction video(s).

Once you arrive at an employer portal you will enter your name, you will click on upload document and upload your resume. You will then be permitted to access the video recording area to start recording your introduction video for that employer.

You will be presented with 3 questions, and you will have 1 minute to answer the question by video.

We recommend you read the [FAQ](#) document BEFORE going to the employer video online portal.

VIDEO INTRODUCTION QUESTIONS:

- Tell me about yourself and which engineering speciality or job title you fit best in and give a specific example of how your education (if new grad) or work has prepared you for this role? (Pratt & Whitney)

Up to 1-minute answer by video

- Tell me about a specific skill (hard or soft) or a competency you have learnt or developed recently and how this skill or competency can be applied to your engineering work?

Up to 1-minute answer by video

- Tell me about a specific time when those with whom you were working could not agree upon the course of action. How did you approach the situation?

Up to 1-minute answer by video

REGISTRATION:

[Click here](#) to register and get access to the online video recording portal.
