Dear Minister Murray,

Please accept this letter as notice that the Ontario Society of Professional Engineers (OSPE) intends to participate as a member of the Electric and Hydrogen Vehicle Advancement Partnership and to submit a four-year plan by June 30, 2017 that demonstrates how OSPE will increase its efforts to support the uptake of electric and hydrogen vehicles in Ontario.

We acknowledge that continued membership in the partnership will be dependent upon the independent third-party's evaluation of our plan and a determination of our membership status.

For further discussion, please contact Patrick Sackville, Lead, Policy and Government Relations at (416) 223-9961 ext. 225 or patrick@ospe.on.ca.

Yours sincerely,

A handwritten signature in black ink that reads 'Sandro Perruzza'.

Sandro Perruzza
Chief Executive Officer
Ontario Society of Professional Engineers
